

GP2K KIOSK

Robust, slimline freestanding kiosk

The Cammax GP2K kiosk is an industrial unit which has been designed to provide self service in hard wearing locations. The unit is equipped with a 19" touch screen, anti vandal keyboard and industrial kiosk PC with Windows OS. The kiosk can be used for a variety of functions including web browsing, product browsing and wayfinding as well as more industrial applications such as production line reporting. Various hardware accessories available on request.
